

WORLD HISTORY

THE MODERN ERA

Developed by historians and subject matter experts, *World History: The Modern Era* provides academic researchers with a robust platform for the study of modern history since the 16th century, including global perspectives across time and place.

CONTENT HIGHLIGHTS

- Expert coverage of core research topics, from the ideas of the Enlightenment to the Industrial Revolution, 20th century warfare, and the rise of a globalized world
- More than 8,000 primary sources including photos and illustrations, memoirs and narratives, cultural and political documents, archival video footage, and iconic speeches
- eBooks – featuring titles from ABC-CLIO and Praeger’s award-winning imprints for academic reference and research
- A global perspective spanning developments in Europe, Asia, Africa, and the Islamic world helps students understand the interconnectedness of the historical experience and modern global issues

FEATURES

- Designed for accessibility and differentiation with translation, text-to-speech, and audiovisual resources
- Embedded search, save, and citation tools for effective student research
- Academic Roundtables – original scholarly contributions from leading academics across the social sciences, support students in developing and articulating their arguments
